

RESTRUCTURING AND BUSINESS ADVISORY

Our restructuring and business advisory practice has exceptional experience in advising stakeholders in relation to all aspects of restructuring, turnaround and insolvency, from the most straight-forward of matters to highly complex cross-border restructurings.

We provide a UK-wide, full service approach to every assignment and draw upon the experience of our colleagues in other specialisms in order to do so. Our experience covers a wealth of sectors, including retail, manufacturing, financial services, energy and natural resources, construction, real estate, hospitality and leisure, healthcare and education.

“

An exceptionally high level of technical legal knowledge combined with a very practical and commercially focused attitude.

—Legal 500

“

Their continued support is excellent, their technical ability superb and they are extremely personable, making them a delight to work with.

—Legal 500

“

They are one of the best for insolvency work.

—Chambers and Partners

“

They are a personable team that represent good value for money.

—Chambers and Partners

We act for all classes of stakeholders, including:

- Corporates
- Directors
- Investors
- Shareholders
- Lenders
- Non-performing loan funds and service providers
- Bond holders
- Suppliers
- Customers
- Insolvency practitioners
- LPA / fixed charge receivers

Broad experience

Our breadth and depth of experiences enables us to provide holistic advice in any situation, taking account of the dynamic among the relevant parties and applying an extensive understanding of our clients' commercial imperatives and sensitivities.

We demonstrate the following qualities in all that we do:

- Responsiveness
- Commercialism and pragmatism
- Straight talking
- Emotional intelligence
- Technical excellence
- Value for money

We can also provide training to clients on a host of topics relating to change, risk and business optimisation, including bespoke master classes and workshops.
